

# CORE BREAKER model 690 / 930

The CORE BREAKER breaks up aeration cores over a 6 or 8 foot working width. The rotor's action separates grass roots from the soil, and deposits nutrient rich soil and organic matter back on the turf.

The rotor is made of wire impregnated rubber fingers. This rotor rotates between 2 rows of stationary knives to completely break up aeration cores and separate chaff from the soil. A rear mounted flexible steel drag mat evenly applies rich soil back onto the turf.

After using the CORE BREAKER, only the stubble will show. To remove it, simply go over the area with an AgriMetal blower. Once both of these operations have been completed, golfers can walk and play on the course without any inconvenience.

AgriMetal is committed to building a complete line of innovative debris removal equipment. Our experience in building turf equipment has taught us to build superior products, and market them through an exceptional turf dealer network. **Give us a try ! You will like what you see !**

#### FEATURES :

- Works over a 6 or 8 foot working width
- Cover from 3.5 to 5 acres per hour.
- Breaks up the aeration cores.
- Separates nutrient rich soil from root material in cores.

SPECIFICATIONS		
	690 MODEL	930 MODEL
MACHINE LENGTH	42" (107 CM)	42" (107 CM)
MACHINE WIDTH	77" (196 CM)	101" (257 CM)
MACHINE HEIGHT	55" (140 CM)	55" (140 CM)
MACHINE WEIGHT	600 LBS (273 KG)	700 LBS (318 KG)
HITCH	3 POINT	3 POINT
DRIVE	PTO 540 RPM	PTO 540 RPM
RECOMMENDED HP	30 HP	30 HP
PRODUCTIVITY	3.65 ACRES / HOUR	5 ACRES / HOUR
FLEXIBLE STEEL DRAG MAT	36" X 72" ( 91CM X 183 CM )	36" X 96" ( 91CM X 244 CM )
SHIPPING DIMENSION	80" X 48" X 48" ( 203CM X 122 CM X 122CM )	104" X 48" X 48" ( 265 CM X 122 CM X 122CM )
SHIPPING WEIGHT	700 LBS (318 KG)	800 LBS (364 KG)
